

July 2009

Good morning Tim and Tammy--I just wanted to say thank you for the wonderful banner, it turned out better than I could have imagined. Our family truly appreciates the hard work that the two of you do. Every year when our extended family comes together to honor my grandmothers at Relay For Life the banner that you all designed will be hanging proudly. I will continue to recommend TNT Signs and Graphics to anyone that will listen. By the way the white banner that you all seamed together worked wonderfully for our slide show, thanks for helping me out at the last minute.
